# Welcome to PrairieCon XXXVII

PrairieCon is Manitoba’s longest-running games convention. We have built our reputation on offering fun and challenging games, and a spirit of camaraderie and fair play. The convention is a veritable festival of games, tournaments, and workshops. We have events to satisfy every gaming appetite, including board games, card games, miniatures games, and role-playing games.

We have plenty of beginner friendly events, so if you are new to PrairieCon or to the games-playing hobby in general, don’t be afraid to come out and

try something new! We have events suited to gamers aged 8 and up.

PrairieCon is a not-for-profit organization that has been dedicated to supporting the Brandon area gaming community and promoting gaming in a friendly and non-competitive environment for more than thirty years!

A small but dedicated group of volunteers works all year to organize and promote the annual convention as well as our many Games Days. Want to help out? Talk to a red shirt for more information!

# About the Con

## Auction

The PrairieCon auction is a great opportunity to pick up used games and accessories at a fraction of their original cost. The auction is held during Slot 11 on Saturday starting at 7pm, so any items must be received at the registration desk no later than 4:00 that afternoon. All submissions must be accompanied by an auction form, which may be downloaded from our website or acquired at the registration desk during the convention. Magazines, comics, cards, and other small items will not be accepted unless they are to be auctioned in bulk. If you are planning to bid on items in this year's auction, you must pick up a bidding number from the registration desk. PrairieCon collects a 15% commission from each item sold. A portion of the proceeds may be donated to charity.

## Open Gaming

Is your favourite game not in the program? Well, we're sorry, but all is not lost! You are welcome to set up and play your own games on any tables not being used for scheduled games! Just check the schedule on a table sign to see when it is open. There are always players hanging around and ready to try something new.

## For Beginners and Age Recommendations

Beginner Friendly games can be learned quickly and easily by almost anyone, and all of our games have Game Masters who are there to help you out. If you still aren't convinced, feel free to come out and watch, free of charge! Age recommendations are based on the complexity and the content of the game in question. If your child wishes to participate in a game for which he/she does not meet the age recommendation, we ask that a parent or guardian attend the game along with the child.

The Costumes and Weapons Policy relates to weapons (both real and replicas) and costume uniforms. Short version: please don't bring these to the con. Both policies are available for review at the Registration desk.

# Artemis Spaceship Bridge Simulator

*Slots 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16  
(10+, Beginner Friendly)*

Artemis is a multi player, multi-computer networked game for Windows computers, and now IOS devices too. Artemis simulates a spaceship bridge by networking several computers together. One computer runs the simulation and the “main screen”, while the others serve as workstations for the normal jobs a bridge officer might do, like

Helm, Communication, Engineering, and Weapon Control. Artemis is a social game where several players are together in one room (“bridge”) , and while they all work together, one player plays the Captain, a person who sits in the middle, doesn’t have a workstation, and tells everyone what to do.

Laptops will be available for use during these sessions. Everyone is encouraged to come and watch quietly or join in on the fun.

## Pathfinder Society Events

Pathfinder Society Organized Play is a worldwide fantasy role playing campaign that puts YOU in the role of an agent of the Pathfinder Society, a legendary league of explorers, archaeologists, and adventurers dedicated to discovering and chronicling the greatest mysteries and wonders of an ancient world beset by magic and evil.

In Pathfinder Society Organized Play, you play a member of the Pathfinder Society, seeking fortune and glory all over the face of Golarion. At the same time, your character works for one of the competing factions, all with their own motivations and secret agendas.

In Organized Play, a consistent rule set is used so that you may join any Pathfinder Society game played anywhere in the world.

You must have a character of the acceptable level range to play in a PFS game. If you have not played PFS before, you are welcome to start at level one and begin the climb up the PFS ladder.

In the Pathfinder Society CORE Campaign, players are restricted in their character options. Essentially, characters may only use options from the core source book.

## Play to Win Events

Exactly like it sounds - play a game for a chance to win that game! The winner will walk away with the very same board they played on. Cooperative games will go to the winner of a dice off.

## Catan Canadian National Championship at PrairieCon!!!

PrairieCon is excited to add the Canadian National Settlers of Catan Championship to our already impressive list of games for this year! Since this is a national competition, all Canadian citizens of age 18 and over are allowed entry. The grand prize is airfare, hotel and entry to the Catan Worlds in Durango, Colorado from September 23rd – 25th.

## Dungeons & Dragons Tournament: The Dragon Festival

*Round One:* It has been five years since the knight, Sir Arthas Lockheart, sacrificed his life to save his hometown of Aeborn from the tyrannical rule of the black dragon, Bahrakkan. Now, with the town rebuilt, a statue of the fallen knight has been erected and the town has decided to celebrate and hold a festival in his honour.

*Round Two:* During the festivities a threat against the town was given, and the towns people have less than three days to make preparations for what's to come. Its thought that something that could possibly aid them is buried with the fallen knight, and must be retrieved from his tomb.

*Final Round:* The dawn of the third day has arrived. Can the PCs manage to keep everyone in the town of Aeborn safe from the threat?

## 7 Wonders Tournament

Draft and play cards to complete your wonder and advance your civilization. Will you win by military might, scientific progress, economics or culture?

## Pandemic Tournament

Everyone's favourite cooperative board game is back at PrairieCon! But this time you will be competing against other teams of Pandemic tamers. Who has the best disease fighting team? Find out! You and your companions are highly skilled members of a disease-fighting team waging battle against four deadly diseases. Your team will travel across the globe, stemming the tide of infection and developing the resources you will need to discover the cures. The clock is ticking as outbreaks and epidemics accelerate the speed of the plague. Even if you are new to the game, give it a try in this beginner friendly event. See why this has become the most popular cooperative game at PrairieCon.

## Terra Mystica: The Tournament

Think you have mastered the game? Try the Tournament. In the land of Terra Mystica dwell 14 different peoples in seven landscapes, and each group is bound to its own home environment, so to develop and grow, they must terraform neighboring landscapes into their home environments in competition with the other groups. Terra Mystica is a game with very little luck that rewards strategic planning.

# THREE CHEERS FOR MASTER

A Game by  
**DANIEL  
WINDFELD  
SCHMIDT**

## MASTER HAS BEEN BLUE, LATELY...

When Master's blue, it's the minions who suffer.  
As a lieutenant in Master's army — a foreminion —  
it falls to you to cheer him up.

You must lead Master's violent, self-absorbed, dimwitted  
minions in a cheerleading competition, piling them into  
towers to amuse your malevolent overlord.

*The problem?*

The minions are murderous.  
The foreminions are jittery.  
Master could be here any second.

## ...WHAT COULD POSSIBLY GO WRONG?

-  Arrange your own minion tower for safety and stability.
-  Drop bloodthirsty minions into your opponents' towers and shake them to pieces.
-  Each minion is unique, attacking in different directions and mix-and-matching special traits like Flying, Hungry, and Kamikaze.
